11th Kiel School of Penile Surgery for Serious Implanters 2026

**Thursday 2nd July
& Friday 3rd July**

Location:

Institute of Anatomy
Christian-Albrechts-University Kiel

With Friendly Support

Invitation

Dear Colleagues,

We are delighted to welcome you to the Kiel School of Penile Surgery.

This course is addressed to the experienced penile surgeon looking for the latest updates. The faculty decided to meet the demands of previous participants according to the past course evaluations and spend more time hands-on in the anatomical theater. This hands-on workshop will provide ample opportunity for practical experience and interaction between experts and participants. There will be a maximum of four participants and one expert per body donor.

Prof. Dr. Osmonov will demonstrate implantations with different approaches and different options for reservoir placement step by step at the master table while the participants will follow the procedure on large flat screens. Afterwards, the participants will be able to repeat all surgical steps on their body donor under supervision of a faculty member. During the performance, the participants will have the opportunity to discuss the tricks and challenges of each procedure with the experts.

Scientific Guidance

Prof. Dr. med. Daniar Osmonov, MD, PhD, FECSM
Department of Urology and Pediatric Urology,
University Medical Center Schleswig-Holstein

Prof. Dr. med. Thilo Wedel, MD, PhD
Institute of Anatomy, Center of Clinical Anatomy,
Christian-Albrechts-University Kiel

A scientific and educational project in collaboration
with the European Society for Sexual Medicine

Program

Thursday, 2 July 2026 (Day 1)

- 08:00** **Departure from hotel**
- 08:30** **Arrival & Registration**
- 08:45** **Welcome & Introduction Faculty**
- 09:00** **Round of Introductions - Attendees**
- 09:20** **Presentations**
- Introduction of the Center of Clinical Anatomy, Guidelines for surgery on body donors
T. Wedel (10 min)
 - Step by step penoscrotal implantation of Titan® Touch penile implant
D. Osmonov (20 min)
 - Anatomical Landmarks of IPP placement
T. Wedel (20 min)
 - Complications of IPP surgery & Prevention of infection
J. Torremadé Barreda (30 min)
- 10:40** **Coffee break & Visit of the Anatomy Museum**
- 11:00** **Presentations**
- Demonstration of predissected anatomical specimens demonstrating challenges of penile implantation
T. Wedel / D. Osmonov (30 min)
 - Instruments and Ancillaries
D. Osmonov / D. Bobzin (15 min)
- 11:45** **Lunch**
- 12:30** **Surgery on body donors, hands-on**
- D. Osmonov / D. Bobzin (master table)
One member of Faculty per working station
- After the demonstration surgery at the master table, all surgical procedures will be carried out by the participants on their own working station/body donor (max. 4 attendees + 1 trainer per working station)
- 17:30** **End of the first day of workshop**

Thursday, 2 July 2026 (Evening)

- 19:00** **Experts Dinner**
- Presentations**
- Training OR nurses
D. Osmonov (10 min)
 - Coloplast Support for IPP
D. Bobzin / K. von Eitzen (10 min)

Friday, 3 July 2026 (Day 2)

- 08:00** **Check out at hotel & departure**
- 08:30** **Presentations**
- Reservoir placement strategies
D. Osmonov (20 min)
 - Demonstration of predissected anatomical specimens demonstrating challenges of reservoir placement
J. Torremadé Barreda / T. Wedel / D. Osmonov (20 min)
- 09:10** **Coffee break**
- 09:30** **Surgery on body donors, hands-on (reservoir placement)**
- D. Osmonov / D. Bobzin (master table)
One member of Faculty per working station
- Step by step implantation of Titan® Touch reservoir placement.
- After the demonstration surgery at the master table, all surgical procedures will be carried out by the participants on their own working station/body donor (max. 4 attendees + 1 trainer per working station)
- 13:15** **End of surgery session**
- 13:25** **Group photo**
- 13:30** **Final evaluation and closing remarks**
- 14:30** **Lunch**
- From 15:00** **Departure**
